 Shiraz, Fars, Iran

 Marital Status: Single

 Military Service: Educational Exemption

Profile Summary

Backend Developer with 3+ years of professional experience in Node.js, focused on developing high-performance and scalable backend services. Strong background in TypeScript, Express.js, and NestJS, with a solid understanding of backend architectural patterns such as MVC, RPC, and Microservices.

Experienced in data modeling and database management using PostgreSQL, MySQL, and MongoDB, along with modern ORM tools like Prisma, Drizzle, and Mongoose. Familiar with building real-time systems using Socket.IO and WebSocket-based communication.
